Subject: FW: Resident complaint re trucks on Gilman at 4-5 am every day
Attachments: smime.p7s

Hi Lily,

I am sorry to hear that the neighbors are inconvenienced by noise that way. However, the trucks are definitely not associated with Parcel E-2 fieldwork activities according to Brett's following email.

Thank you,
Hamide

We're done with importing, but if you search the address it is closer to the old Candlestick site (which has heavy Lennar work ongoing) than it is to Hunters Point.

> Vivian Price [Ex. 6 Personal Privacy (PP)] called EPA because large trucks drive by her home every morning around 4-5 am and they make noise and wake her up. She lives at [Ex. 6 Personal Privacy (PP)] She has already talked with Lennar, the City, the Building inspectors, and MTA. None of them have been able to help identify these trucks. She will try to get out of bed to look for any identifying information about these trucks and let me know. I gave her Derek's phone number. Could these be Navy contractor trucks?
